Re: Policy Statement HIDS-2014-1
2014 Reporting Requirements

Each year the West Virginia Health Care Authority (HCA) reviews and revises the hospital inpatient data reporting requirements based on federal, state, and/or industry standards. There will be one required reporting change for 2014:

837 5010 File Submission Format

Effective October 1, 2014, all data submitted to the HCA must be formatted per the HCA 837 5010 file specifications. Technical documents were distributed to all hospitals in May 2014. It is in the best interest of the hospitals to submit a test file by August 31, 2014 to ensure compatibility for the October 1st deadline.

If you have any questions regarding these reporting requirements please contact Sharon Hill or Susan Dolly at 1-888-558-7002 or 304-558-7000. We appreciate your continued support and participation in this project.

Sincerely,
